## State of Washington Decision Package Department of Social and Health Services

**FINAL** 

DP Code/Title: M2-8B Technical Corrections Program Level - 050 Long Term Care Services

#### **Recommendation Summary Text:**

This proposal corrects the cost calculations to fully fund case managers for in-home case management by Area Agencies on Aging (AAAs).

#### **Fiscal Detail:**

Operating Expenditures	<u>FY 1</u>	<u>FY 2</u>	<b>Total</b>	
Overall Funding				
001-1 General Fund - Basic Account-State	0	394,000	394,000	
001-C General Fund - Basic Account-DSHS Medicaid Federa	0	393,000	393,000	
Total Cost	0	787,000	787,000	

#### **Staffing**

## **Package Description:**

The Department of Social and Health Services, by statute, is required to contract with AAAs for in-home case management. Case management functions include periodic reassessment of eligibility for department in-home care programs, creation and implementation of individual care plans and sustained monitoring to determine if those plans remain adequate. Existing policy suggests there should be an average of 85 clients to each case management FTE to accomplish these functions.

The final legislative budget, recognizing this intent, tied the funding estimate for AAA Case Managers to the cost of an Aging and Adult Services Administration (AASA) Home and Community Services (HCS) Social Worker, a job class with similar functions. However, the AASA HCS Social Worker cost that was used was out-of-date. The cost used in the legislative budget calculations was \$81,865 per year; the updated cost of an HCS Social Worker is \$84,552 per year. This updated estimate is based on the salary schedule that became effective July 1, 2001. Based on this updated cost estimate, full funding for AAA Case Managers will require an additional \$787,000 per year (\$2,687 per AAA FTE).

## **Narrative Justification and Impact Statement**

#### How contributes to strategic plan:

Maintaining worker/caseload ratios supports the department's ability to provide services for people with disabilities in their own homes. This proposal also supports client safety, decreases potential for tort liability, and supports effective management of resources by allowing case managers time to more closely match interventions to changing client circumstances.

#### Performance Measure Detail

Program: 050

Goal: 01E Ensure access to an array of optional long-term care

services

No measures submitted for package

**Goal: 03E Budget Performance and Economic Value** 

No measures submitted for package

Goal: 05E Provide Public Value

No measures submitted for package

**Incremental Changes** 

<u>FY 1</u>

<u>FY 2</u>

## **State of Washington Decision Package**

#### **Department of Social and Health Services**

**DP Code/Title: M2-8B Technical Corrections Program Level - 050 Long Term Care Services** 

Version: E3 050 2001-03 2003 Sup Agncy Req Budget Period: 2001-03

#### Reason for change:

This change will allow continuation of the existing workload standard of 85 clients to one case manager, which will allow the department to avoid relaxing monitoring standards for in-home long-term care cases.

#### Impact on clients and services:

High monitoring standards will be maintained. Health and safety problems, which include those that pose potential liability risk, will more likely be detected and receive appropriate and timely response.

#### Impact on other state programs:

Not applicable

#### Relationship to capital budget:

Not applicable

#### Required changes to existing RCW, WAC, contract, or plan:

Not applicable

#### Alternatives explored by agency:

The only other available option would be for local governments to provide the necessary additional funding. This may be difficult given the revenue outlook for those agencies.

#### Budget impacts in future biennia:

This step will carry forward to future biennia.

#### Distinction between one-time and ongoing costs:

This represents an ongoing cost.

#### Effects of non-funding:

If not funded, the AAAs will have less staff for case monitoring and clients may be in jeopardy.

#### **Expenditure Calculations and Assumptions:**

See attachment - AASA M2-8B Technical Corrections.xls
